CONTAINERS FOR ELEVATED RAILWAY PROJECT CONTINUES

Year end is often the peak season for us but this year is especially hectic with back-to-back shipments and clients rushing off for the annual closing. This project continues to see significant progress with deliveries and operations in a number of new stations. We expect to recommence once the new year begins. This railway line will complement the existing network that's projected to cater to a ridership of 2 million passengers per day.

VARIOUS SHIPMENTS TO BINTULU FOR ONE OF THE LARGEST WATER TREATMENT PLANTS IN SARAWAK

New projects are always good news to us. East Malaysia has been in the limelight more often than usual due to the recent influx of foreign investments and we are excited to see greater development unfold in the coming years. We are glad to arrange the shipments to a new water treatment plant in Bintulu from Johor Bahru. Apart from large generators and some accompanying accessories, we certainly expect to handle more deliveries to Sabah and Sarawak.

5 MW SOLAR FARM IN TERENGGANU

It's our 16th solar project and we are still counting! No doubt, given our familiarity of solar projects, we expect to handle many more in year 2020. This solar plant in Terengganu foresees an estimated 150 containers passing through the Kuantan port in the span of four months.

CORDSTRAP PRACTICAL TRAINING IN MULTI-TRANS' WAREHOUSE, PORT KLANG

Cordstrap is a globally renowned brand that promises to keep cargoes safe. They recently conducted a practical training in our warehouse with our warehousing team as well as distributors from other parts of the world. It's great to enhance our skills in securing and protecting cargoes for our clients.

Multi-Trans & Megalift's 2D1N Trip to DUSUN ECO RESORT, PAHANG 16-17th November 2019

About 90 of us from the companies attended a 2D1N trip to Dusun Eco Resort. As the name speaks of itself, it's a place to relish the nature of flora and fauna. We had an incredibly fabulous time bonding among ourselves and indulging in group activities. We look forward to another amazing trip next year!

Multi-Trans

CELEBRATING
40
YEARS
OF DELIVERING POSSIBILITIES

Merry Christmas & Happy New Year **2020**

The advertisement features a white MAN truck with a red and blue Multi-Trans logo on the front, parked in a port area with stacks of colorful shipping containers (red, blue, green, yellow) and green cranes in the background. A white airplane is flying in the sky above the truck. In the bottom left corner, there is a small, decorated Christmas tree. The overall scene is set against a blue sky with light clouds.
