

700
CONTAINERS
from China for
Large Scale
49MW Solar
Photovoltaic
Plant

We have been appointed as the total logistics partner of this solar generating facility, which has just begun in February 2018 and is scheduled to complete in 18 months. From customs clearance to transporting to Sungai Siput, Perak, we are responsible in handling all the cargoes, namely solar panels, photovoltaic systems and inverters.

AIR FREIGHT

IMPORTED FROM GERMANY BY ONE OF THE **WORLD'S** **LARGEST** INDEPENDENT GEOTECHNICAL SPECIALISTS

Our office and warehouse in Kuala Lumpur International Airport MAS Advance Cargo Centre handles large volume of import and export shipments.

The cargo above is a spare part for ground engineering systems weighing 1,130 kg that we took charge upon its arrival and delivered to client's site.

EXPORT OF APPARELS TO DUBAI

The commodity that we handle goes across diverse industries. This new client of ours regularly exports garments and accessories to various countries and we take charge of all its international movements.

5 TON OF OIL & GAS REGULATOR AIR FREIGHTED FROM ITALY

Our client is a large Malaysian company specialising in the measurement and regulation of systems related to oil and gas, power, water and other infrastructures. Multi-Trans is entrusted to manage their logistical needs and in this particular case, we delivered the regulator to their client, an oil and gas engineering company.

WAREHOUSING

PACKING OF CAR MOULDS FOR MALAYSIA'S LEADING VEHICLE BRAND

Apart from basic storage and inventory management that our warehousing team largely coordinates, we also provide various value-added services such as packing, lashing and chocking.

Activities within the MTML Group

Multi-Trans & Megalift Durian Party 2017

It has become an annual trend to have a durian party and fruit fest for all our Fun Club members at Multi-Trans headquarter's office in Port Klang. It's always a joy seeing our multi-racial team relishing the goodness of our tropical Malaysian fruits.

Our Fun Club Bowling Session

We are cultivating more work-life balance for all our staff because, well, you can't do a good job if your job is all you do!
